PACIFISTS TO CONVENT AT CAPITAL

PEOPLE'S COUNCIL ORDERED TO WASHINGTON AFTER DELAYED WERE DRIVEN FROM HUDSON.

A CHALLENGE TO U. S.

Issue of Constitutional Right of Public Assembly and Free Speech Will Then Be Up to Congress.

Minneapolis, Aug. 31.—Leaders of the People's Council of America announced here today they would start for Washington, D. C., tonight to put the question of holding a national peace convention up to the federal authorities. In case a hall cannot be obtained there, it was suggested that the meeting might be held on the plaza in front of the capitol.

The decision to put the issue squarely up to official Washington was announced by Louis P. Lochner, executive secretary, after a morning of conferences with eastern council leaders over the long distance telephone.

Earlier in the day tentative plans had been made for holding the meeting in Milwaukee.

Warned Against Milwaukee. Reports were current that the council committee had been advised by their representative in Milwaukee that the meeting would result in violence if held there.

"We have done with temporizing," said Mr. Lochner. "We have been denied our rights in Milwaukee and the mayor of Hudson has thrown us out without even a hearing. There must be an immediate accounting."

The eastern council delegates have been advised to proceed to Washington. Following is the organizing committee's statement:

"The People's Council has been denied its rights of public assembly under the United States constitution by an un-American governor in Minnesota. There is no time to enforce this right in the courts. Constitutionally, the council is being similarly denied in every state of the Union. One of the chief purposes of the People's Council is to resist this unconstitutional and un-American denial of the rights of the people of the American republic."

To Meet in Washington. "Therefore, the executive committee has decided to transfer its meeting place from Minneapolis to the national capital. The government of the District of Columbia is in the control of congress and its rights are denied by the United States government and not by the unpatriotic caprice of any local official."

"We have telegraphed our delegates to go to Washington and we will meet and organize our league for democracy and settlement of the peace terms in that city. If we cannot find a suitable building, we will meet on the plaza in front of the capitol. There will be no further temporizing. Either the people of the United States have the right to peaceably assemble and to speak their thoughts lawfully and to petition the government, or they have not. This question will be shortly and finally decided in Washington in the next forty days."

Mr. Lochner conferred this afternoon with Max Eastman, Mary Ware Dennett of New York, Walter Fuller of New York, Frank Stevens of Arden, Delaware, and Elizabeth Freeman of New York.

Executive committee members denied persistent rumors that part of the delegation supposedly headed for Washington would not meet in Milwaukee or would put this side for a final attempt to meet in Wisconsin. It was reported one group would continue eastward as a rule so leaders might discuss proposals with Wisconsin officials without public interruption.

No Street Meeting. Washington, Aug. 31.—No street meeting under the auspices of the People's Council of America will be permitted in the national capital. The police department made this announcement today. The authorities at the capitol probably will permit a meeting in the Plaza there. Officials today, when asked for an opinion, referred to the dispersal of Coxey's army when it attempted to enter the capitol several years ago, and said that was a good enough precedent to cover the case.

Driven Out of Hudson. Hudson, Aug. 31.—Hudson was quiet this morning after the excitement of last night when the foregatherers of the organization meeting of the People's Council of America for Peace and Democracy to have been held here September 2nd and 3rd, were driven out of the town.

It was learned this morning, however, that the activities of the more enthusiastic patriots did not cease until they had demonstrated their resentment toward the action of Charles Stanger, a member of the city council, by throwing several bricks through the window of his store in the downtown district. Stanger, it was reported, according to the statement of council members, attend the meeting of the city council at which it was decided not to allow the People's Council of America for Peace and Democracy to meet here, and later refused to sign a petition sent to the Wisconsin public safety commission.

Delegates on Way. Cleveland, Ohio, Aug. 31.—The special train carrying about 100 eastern delegates to the convention of the People's Council of America for Democracy and Peace, "somewhere in the west," reached here early this morning and left for the west at 8:30 a. m. The train is scheduled to reach Chicago at 5:30. Brief stops will be made at Toledo and other points en route.

Linley V. G. Gordon of New York, southern organizer and a member of the general organization committee, said the eastern delegates could not say where the convention would be held.

Appeal to Burnquist. New York, Aug. 31.—The American Alliance for Labor and Democracy, among whose members are leaders in the American Federation of Labor, has sent a telegram to Governor John

Pope's Peace Hopes Fade as a Result of President's Answer

ROME, Aug. 31.—(By Associated Press.)—The Vatican, the Pope Benedict's receiving President Wilson's reply to his peace proposal did not attempt to conceal his bitter disappointment, and that he regards the president's answer as leaving little room for further peace efforts at present.

Before President Wilson's reply was read, the Pope was reported to have signed his latest encyclical, a reply after receiving the answer of all the belligerents, pointing out questions in regard to which all the nations at war might be in agreement, and others concerning which it will be necessary to hold discussions.

Approve President's Note. Washington, Aug. 31.—With the exception of the president's message, no declaration of this government has been received with greater enthusiasm in London than the reply to the Pope's appeal for peace. Ambassador Page notified the state department today that the British public had read the President's note with evident approval and enthusiasm.

Cecil Endeavors Note. London, Aug. 31.—Lord Robert Cecil, minister of blockade, today endorsed President Wilson's reply to peace proposals of Pope Benedict, and said he was not certain any further response would be necessary.

A. Burnquist of Minnesota asking that he reconsider his decision not to allow the people's council to meet in that state, it was learned today. The message said that "the peace of the people's organization was realized by the American Alliance," the members of which were anxious to meet those of the council and fight it out face to face.

DAM IS BLOWN UP TO CONSERVE FISH

Marquette, Wis., Aug. 31.—Under instructions from the state conservation commission, Game Warden Smith of this county this week blew up a dam on the Eagle river, in the western section of Marquette county.

The Eagle is no longer a logging stream and the dam served no purpose. As a result of the stoppage of the water the latter became stagnant for several miles up and down stream and brook life perished in it because of this reason.

It took five men two days to complete the work and two hundred pounds of dynamite was used. The dam was effectively removed and the stream has assumed its former bed. Several sporting clubs were interested in the work and will replace a bridge below the dam which was carried away when the dam went out.

GREEK MINISTER TO U. S. ARRIVES TODAY

At Atlantic Port, Aug. 31.—George Rousset, who recently was designated by the Greek minister to Athens, as Greek minister to the United States arrived here today on a British steamship.

NEED MEN TO FIGHT BIG FOREST FIRES

San Bernardino, Cal., Aug. 31.—Driven today to fight the ranks of fire fighters, needed to combat flames at City Creek, near here, was being considered today by forestry officials. The fire which had been burning since Wednesday, was spreading toward heavy timber.

HIGH PRICES CAUSE SWITZERLAND STRIKE

Paris, Aug. 31.—Workmen in the Swiss cities of Bern, Zurich and Basel went on a half-day strike yesterday at a protest against the high cost of living. A Javan dispatch from Basel, the manifestation was organized by socialists, who, the dispatch adds, declare that if it does not produce results, a prolonged strike involving municipal services, such as gas and electricity, will be ordered.

RUSSIA WILL SEEK ANOTHER U. S. LOAN

Petrograd, Aug. 31.—The Bourse Gazette says it has reason to believe that the favorable disposition toward Russia by Americans, particularly after the national conference at Moscow, will enable the provisional government soon to obtain from the United States a loan of five billion rubles.

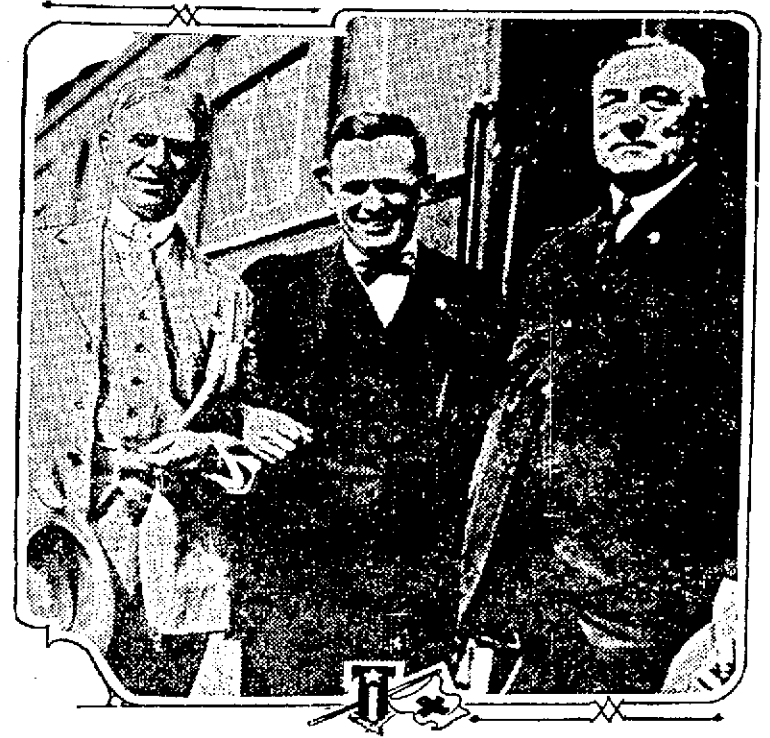

SIX OF CREW LOST WITH LINER VERDI

An Atlantic Port, Aug. 31.—Word has been received here indicating that the British 7,000 ton steamship Verdi has been sunk with the loss of six of her crew. The Verdi left here for an English port on August 12, with cargo but no passengers. Her crew numbered 112.

BIG DEFICIT NOTED IN AUSTRIAN BUDGET

Zurich, Switzerland, Aug. 31.—The Austrian budget for 1916-17, shows a deficit of 344,000,000 crowns compared to a deficit of 49,000,000 crowns, in the preceding year. Two of the largest items of expenditure are 1,761,000,000 crowns for interest on war loans, and 1,659,000,000 crowns for the support of soldiers' families. Special and direct war expenditures are not included in the budget.

NORWAY IMPRISONS GERMAN SPIES WHO INFORMED U-BOATS

Christiania, Aug. 31.—Three German spies have been convicted at Bergen for supplying information to submarines regarding the sailing time of vessels, which later were torpedoed. Captain Laven and Officer Schwartz, German citizens, and Thorsen, a Norwegian, all were given terms in the penitentiary.

Laven was sentenced to five years; Schwartz to four, and Thorsen to ten years' imprisonment.

Captain Laven admitted that he worked under instructions from the German authorities. He said that German subjects were forced to obey such orders.

Norwegian newspapers, in comment on the trial, emphasized the fact that German subjects must obey orders from their own country.

MAN WHO SERVED IN U. S. NAVY RESISTS FEDERAL OFFICERS

Manitowoc, Aug. 31.—Nicholas Voss, aged twenty-seven, married and the father of one child, who failed to register on June 6, because he says he served in the United States navy and thought his discharge exempted him, is held by federal authorities here today and will be taken to Milwaukee this afternoon, following a sensational attempt made by Voss upon the officers yesterday afternoon when he resisted arrest.

Voss, according to the authorities, assaulted the sheriff and Deputy United States Marshal Steiner of Milwaukee and while fleeing through a cornfield, fired and shot at the officers from a revolver which he secured from a tool box of the threshers. Then he made his escape in a corn field, but early this morning he voluntarily appeared at the office of the probate judge in this city, and later surrendered to the sheriff and District Attorney Brady.

Voss had been advised of his failure to register, and he had come to the city, the man may emigrate to the city. Federal authorities yesterday ordered the arrest of the man. He was forced with a revolver which he secured from a tool box of the threshers.

He was served four years in the navy, and was on the battleship Delaware at the coronation of King George of England. When he appeared in court this morning he wore the uniform of the navy, from which he was discharged three years ago. The man appears to be intelligent and bright, but maintains that his discharge from the navy exempted him from registering, at least he had been so informed.

CITY NEAR MOSCOW RAVAGED BY FLAMES

Petrograd, Aug. 31.—The fire last Monday in the city of Kazan on the Kazanka river, 430 miles east of Moscow, spread so rapidly that the population fled to outlying fields and forests. Reports from the Bourse Gazette telegraphs.

Russians began to pillage on a great scale, but students of the military school stopped the looting. The fire burned for thirty hours. Order is being restored gradually.

RUSSIAN AFFAIRS CAUSE NO ANXIETY

Washington, Aug. 31.—Officials of the state department expressed surprise today that news dispatches from Russia have collected and published. They said the consular general at Moscow had reported the address of General Korniloff as enthusiastically received and that appearances indicate steady progress toward an amicable understanding between the factions.

Relying upon the reports of its own officials the state department is confident that a unity of purpose among the factions will be the result of the conference.

ALSACE GOVERNOR CALLED TO BERLIN

Paris, Aug. 31.—Owing to the reported reports that Emperor William is contemplating a change in the status of Alsace-Lorraine, one of which is that it is to be transformed into a federal state, some importance is attached here to a Berlin dispatch received by way of Brest, saying that Dr. H. Von Dallwitz, governor of Alsace-Lorraine, is now in Berlin.

COTTON PROSPECTS SHOW IMPROVEMENT

Washington, Aug. 31.—Cotton production prospects improved to the extent of 450,000 bales during August and brought the estimate of final output to 12,499 equivalent 500-pound bales. That quantity was forecasted by the department of agriculture, on the condition of the crop Aug. 26, which showed a decline of 2.5 points compared with a ten year average of 6.6 points decline. Acre yield was forecast at 174.8 pounds, compared with 169.8 pounds forecast from July 25 condition.

John W. Garrett.

John W. Garrett of Baltimore has been named by President Wilson as minister to the Netherlands and Luxembourg. He succeeds Henry Van Dyke, who resigned some time ago. Although accredited to Luxembourg, Garrett hardly will go there, as the Dutch has been overrun by the Germans and now is under their military control.

FIX \$2.20 AS PRICE OF WHEAT

PRESIDENT WILSON AND WHEAT COMMISSION FIX BASIC PRICE FOR NO. 1 NORTHERN SPRING.

MEANS FLOUR AT \$11

Minneapolis Millers Announce That Best Grades Will Sell at \$10.75 to \$11—No Five Cent Bread Likely.

Minneapolis, Aug. 31.—Best grades of flour probably will sell for from \$10.75 to \$11 a barrel as a result of fixing \$2.20 as the price of wheat, according to statement by local flour manufacturers today.

The wheat price was announced in the price of bread is in sight today as the result of the fixing of \$2.20 as the price per bushel of the 1917 wheat crop. The licensing system for flour and bread dealers soon will be put into effect, and although not extending to the small dealer, the food administration is expected to find a way to hold down bread prices.

Members of the price fixing committee are agreed that a price of \$2.20 for wheat will mean a price of \$11 for flour for five cents, allowing a fair profit to both the flour manufacturer and the baker.

The wheat price was announced by President Wilson last night, after the committee, headed by Dr. Harry A. Garfield, completed its three day deliberation.

Washington, D. C., Aug. 31.—A price of \$2.20 a bushel was fixed for the 1917 crop of wheat by President Wilson Thursday night on the recommendation of the wheat price committee headed by Dr. H. A. Garfield. The basis will be No. 1 northern spring wheat delivered at Chicago.

The committee finally agreed late on Thursday, after several days of voting. The last vote was unanimous. Representatives of the producers began by voting for a price of \$2.50 and later representatives for \$1.84.

On the basis of \$2.20 at Chicago, the food administration worked out Thursday night differentials for the various grades and classes and for the several terminals. The price fixed is 20 cents higher than that named for the 1917 crop by congress.

In a statement made at the announcement of the price, President Wilson declares it is the hope of the food administration, and his own as well, that the fixing of a price will stabilize the market and prevent fluctuations during the current year.

The price of flour and bread, too, the president declares, will be kept down.

The committee gave as its three chief considerations that entered into its deliberations the following: The fact that the United States is an agricultural country; the need of encouraging the producer, and the necessity of reducing the cost of living to the consumer. All members of the committee agreed to permit a fourteen point loaf of bread for five cents, allowing a fair profit both to the flour manufacturer and the baker.

The following statement was made by the president:

"Section 11 of the food act provides, among other things, for the purchase and sale of wheat and flour for the government. It is the purpose of the act to stabilize the market and prevent fluctuations during the current year."

"I have appointed a committee to determine a fair price to be paid in government purchases. The price now being paid is \$1.84 a bushel, or 20 cents per bushel at Chicago for the basic grade—will be rigidly adhered to by the food administration."

"It is the hope and expectation of the food administration, and my own as well, that this step will at once stabilize and keep within moderate bounds the price of wheat for all transactions throughout the country, and thereby, in consequence, the price of flour and bread also. The food act has given large powers for the control of storage and exchange operations, and these powers for the control and storage and exchange operations will be fully exercised."

"An inevitable consequence will be that financial dealing can not follow the usual course. The advantages and disadvantages of the ordinary machinery of trade, it can not function well under such disturbed and abnormal conditions, and it is my hope that the food administration in its place the food administration now fixed for its purchase a fair price, as recommended unanimously by a committee representative of all interests and all sections, and believe that thereby it will eliminate speculation, make possible the conduct of every operation in the full light of day, maintain the publicly stated price for all wheat, and thereby, in consequence, stabilize by stabilization and control, better the position of consumers also."

Hoover Takes No Part. "Mr. Hoover, at his express wish, has taken no part in the deliberations of the committee on whose recommendation I determine the government's fair price, nor has he in any way intimidated an opinion regarding that price."

Recent Fluctuations. During the last ten years the highest price paid to producers for wheat was the June 1st price, 1917, practically \$2.49 per bushel. Up to the present time the price has ranged between a minimum of 76 cents, paid in December, 1912, to the above maximum. The price has been mounting steadily, but never has struck a high level, though on whose recommendation it was fixed at \$2.20 a bushel in February, but declining to ninety-one and a fraction cents in December of that year.

The average price has not gone below that mark since December, 1915. Wheat opened at \$1.02 and a fraction in 1916, falling to 93 cents in July and closing the year with a new high price of \$1.60 and a fraction.

Ninety Certified For Military Duty In Second District

Of 619 men called up for examination in the second district of Rock county, but ninety have been certified for actual military service and are now subject to call in accordance with the mobilization plans of the war department. In the list of names which follows, all the men have been passed by the local board for the second district and the district board at Madison, which has reported them as fit for service to the adjutant general. Janesville's list is not yet completed. The claims for exemption were not filed until about a week ago, and as ten days is granted in which to substantiate the claims, the higher board has not yet finished the consideration of the cases in the first district. According to an official of the board at Madison this morning, the lists for this district will not be completed for two or possibly three days.

Ninety men ready for service falls far below the quota assigned to the southern district of the county, and it is supposed that another call will be made once the quota is reached. A result of ninety is but a little over fourteen and a half percent of the total number called. While there are no indications that conditions in this district will be similar to those in Beloit, on the same basis, the first district would get less than ninety men, as but 604 were called up for examination here. The quota for the second district, and if the same ratio prevails in succeeding calls, about four hundred more will have to be called to reach the quota.

Nothing definite is known as to the number who will pass in this district or as to the policy to be followed out, but logical estimates reach the result indicated by the quota.

There follows a list of the men in the second district who are subject to call for military training at Camp Grant:

The average yearly price of No. 1 northern spring wheat in the Chicago market during the ten years 1908 to 1917, was \$1.26 per bushel, ranging between 91 cents in 1913, and \$2.37 in 1917. During the same period the average yearly price paid to producers was \$1.00 per bushel, raising between 79 cents in 1913, and \$2 in 1917.

No Five-Cent Loaf. Chicago, Aug. 31.—According to Chicago bakers and trade publications the fixing of \$2.20 as the basic price for wheat, will not resuscitate the old time five-cent loaf of bread. It was said that the reduction would mean a yearly price paid to producers of \$1.00 per bushel, raising between 79 cents in 1913, and \$2 in 1917.

War Bond Measure. Washington, Aug. 31.—The house ways and means committee continued its consideration of the \$11,538,945,640 war bond and certificate bill today, with strong prospects that the measure would be reported favorably Saturday in virtual the same form as presented by Senator McAdoo.

NEW DEMAND FOR REFORM IN GERMANY

SOCIALIST LEADER IN REICHS-TAG WARNS GOVERNMENT THAT MAJORITY MAY BE FORCED TO ACTION.

BALK AT CENSORSHIP

Insist That Political Censorship be Lifted—Four Weeks to Comply With Reichstag Ultimatum.

Copenhagen, Aug. 31.—A warning that unless the German government meets demands of the Reichstag for reform, the majority parties will take measures, was given before the Reichstag main committee Wednesday.

Want Censorship Lifted. Resolutions of the majority introduced by Dr. Carl Heine, socialist, demanded for the fourth or fifth time, abolition of the political censorship and limitation of the military censorship to facts connected with the conduct of the war, and criticism thereof.

The was held to be necessary because it is notorious that the military authorities exercise a sweeping political censorship of the German press on the pretense that publications of a political nature may affect the military spirit of the people. Dr. Heine gave the government four weeks until the assembling of the Reichstag to meet its demand, otherwise he said, the Reichstag majority would be forced to take steps.

ITALIANS ADVANCE ON AUSTRIAN FRONT

Rome, Aug. 31.—Heavy fighting continued on the Bainsizza and Carso plateaus, the war office reports. Advantages were gained on Monte S. Gabriele and in the Brestovizza valley and 636 more prisoners were taken.

Reverse for Russians. Berlin, via London, Aug. 31.—Operations undertaken by the Russians yesterday at Narocz lake, sixty miles southeast of Dvinsk, resulted in a tactical success. The Russian official report from the eastern front.

A portion of the ground recently gained by the British south of Loos, has been recaptured by the Germans, the war office announces.

British August Casualties. London, Aug. 31.—The total of British casualties on all fronts as reported in August is 59,311, divided as follows: Killed or died of wounds: Officers, 1,278; men, 10,342; wounded or missing: officers, 4,122; men, 43,469.

There was active artillery fighting on both banks of the Meuse. In Alsace an enemy attack south of Hartmannswillerkopf was repulsed completely. The German troops were repulsed completely.

Repulse German Raid. London, Aug. 31.—The repulse of a German raid on the front below Lens, reported in French official communication. The statement follows:

"The weather is unsettled. During the night, the enemy heavily shelled our front positions under Arras. Gohelle (five miles southeast of Lens) and at an early hour this morning attempted to raid our lines. The German troops were repulsed completely."

GIVES NEW VERSION ON POLISH COUNCIL

Copenhagen, Aug. 31.—The Taghe Rundschau of Berlin gives a new version of the reason for the retirement of the Polish council of state, saying that instead of resigning, it was dissolved because it refused to present an ultimatum to the German government on military questions.

The retirement of the council has brought out the fact that the official version of the Reichstag main committee today the majority parties demanded the establishment of a really representative assembly and responsible ministry in Poland, a step which the Rundschau declared would lead to an immediate demand for expulsion of Germans from Poland.

The Pan-German newspapers have begun a campaign of abandonment of the idea of a Polish kingdom, arguing that the retirement of the council gives a favorable opportunity to undo the mistake of promising the establishment of the kingdom since that time.

HEARING FOR LENZ ON FEDERAL CHARGE

Young Man Charged With Violation of Mann Act Has Examination Before Court Commissioner.

The preliminary hearing of the case in which Edmund Lenz of this city, who is charged with violating the Mann white slave act, was held this morning before Court Commissioner Stanley Talman. Lenz is charged with transporting Marie McElroy, a local girl, to Chicago, Ill., for immoral purposes. Assistant United States District Attorney Arthur Mulhoberg of Watertown is conducting the examination. The findings of this examination will decide whether Lenz will be held to the grand jury on the charges preferred.

SPINAL MENINGITIS FOUND IN WAUKESHA

(By Associated Press.)
Waukesha, Wis., Aug. 31.—Excitement prevails in this city over the discovery of a case of cerebro-spinal meningitis, an exceptionally rare and usually fatal disease. The type of attack of the dreaded infantile paralysis. The victim is Tony Litt, fifteen, son of Anton Litt, Jefferson street, and employed at a local manufacturing plant. The house is being held under strict quarantine.

MRS. MILLARD, AN OLD RESIDENT, DIES THIS MORNING

Mrs. Pernella Millard, one of the oldest residents in this county, passed away this morning at seven o'clock at her home in the town of Plymouth. Mrs. Millard was past ninety years of age. She is survived by four daughters. Pernella Couch was born in New Haven in the state of New York, in 1827. In 1844 her parents moved to Wisconsin and lived on a farm near Janesville. In those days Janesville consisted of four buildings—a dry goods store, two small hotels and a clothing store. The country around Janesville was full of Indians and farms were often the scene of battles between such other. Pernella Couch was united in marriage in 1848 to Rausel C. Millard, another one of the pioneers of this section. For years after their marriage Mr. and Mrs. Millard lived in a log cabin. Mrs. Millard has always enjoyed the best of health even up to the time of her death. She has seen Janesville grow up from a handful of stores to a modern American city of fifteen thousand people. Eight of the nine children that Mrs. Millard raised are still living. She is survived by four daughters and three sons. Her husband has been dead since 1877. The funeral will be held Sunday. The other arrangements have not been completed as yet.

Grass Fire: The fire department responded to a call at 11:30 this morning to stop a grass fire which had gathered headway in the rear of the home of Mrs. Holsapple, 300 North Washington street. The broom brigade put out the flames.

EDUCATION.

Education gives fecundity of thought, copiousness of illustration, quickness, vigor, fancy, words, images and illustrations; it decorates every common thing; it gives the power of trifling without being undignified and absurd.—Sydney Smith.

RECEIVE ORDERS FOR SENDING DRAFT MEN

LOCAL BOARD HAS INSTRUCTIONS FROM ADJUTANT GENERAL FOR ENTRAINING FIRST FIVE PER CENT.

LEAVE MORNING OF 6TH

First Seven Men Will Take Train With Madison Quota.—Want Picked Men in the Contingent.

Janesville's first contingent for the new national army will leave this city for Camp Grant at Rockford on the morning of Thursday, September 6th. The men will go via the Chicago, Milwaukee & St. Paul railroad, leaving here at ten-thirty-five in the morning and arriving at the camp at twelve-thirty.

These were the orders received last night by the local board from Adjutant General Orlando Holway, together with more detailed instructions issued by that office to all local boards regarding the mobilization of the drafted men. At this time, five per cent of the total quota of 152 summoned in the first call will be sent to the contingent. Seven men make up this group. Beginning the nineteenth of September the second lot of forty per cent, or sixty-eight men, will be sent for the camp, to be followed on October third by a group of equal size, and later by the balance.

Though but seven are wanted for the first contingent, thirteen have already put in applications to be included in the lot. Governor Philipp, in his letter to the local board, urged that the wishes of the men be given consideration when they are chosen, but calls attention to the request of the war department for men of specialized ability to be sent first. Men of such ability are those who have former military experience are the ones needed at first, and wherever possible these men will be chosen. To date, six of those who have asked to be sent first have been chosen. Three of these are electricians and three have had service in some military branch, but as yet no cooks have put in requests. The men will be chosen by the local board.

With the receipt of definite orders regarding the entrainment of the men the local board is proceeding at once to the arrangement of details. Transportation requests have already been received from Provost Marshal General Crowder, together with a supply of meal tickets to be issued to the men while they are in Janesville. As yet it is not known when they will be assembled, but as the number is so small, it is probable that they will not be ordered to report to the local board until the morning of the sixth, or the evening of the fifth. Some of the men in the first lot will undoubtedly be from Janesville, and permission to remain at home until the time of departure may be extended to these men, after they have made requests on the special blanks provided for that purpose.

The men chosen must, of course, have been certified for service by the district board, and no reports have been made from that board to the local board regarding exemptions. It is not known who will be taken and who will be rejected by the higher board. Some of the men, however, who have applied, filed no claims with the district board, and having been certified by the local board are subject to call.

It is the intention of the government in so far as possible, to take the men who are best qualified for the service, leaving the farmers, especially, until later. The plan of mobilizing the men in groups over a period of a month or more, provides admirably for this method. Farmers will where possible, be left on the farms until the bulk of the harvest work is over. The same policy will be observed in regard to an employer in a factory. In each notification of the contingent, the men will be picked up from here and proceed to Rockford. Some of the board's assistants will meet and send them on the fifth, while others will be held over until the seventh.

All of the various local boards have received official notice from the adjutant general, to report at Camp Grant on the sixth with five per cent of their quota as follows:

City of Madison, 10; Adams county, 10; Columbia county, 10; Crawford, 10; City of Janesville, 10; City of La Crosse, 5; La crosse county, 6; Monroe county, 2; Buffalo, 7; Trempealeau, 5; Jackson, 2; Vernon, 2; Superior, 7; Burnett county, 5; Sawyer, 3.

Those to reach Camp Grant September 7 are:

Clark, 4; Chippewa, 2; Pepin, 2; Eau Claire, 4; Dunn, 5; Pierce, 8; Taylor, 5; St. Croix, 8; Ashland, 2. The counties notified to prepare to reach Battle Creek September 6 are:

Ozaukee, 6; Kenosha, 6; city of Racine, 6; Racine county, 8; city of Janesville, 10; Waukesha county, 10; Adams county, 10; Crawford, 10; City of Janesville, 10; City of La Crosse, 5; La crosse county, 6; Monroe county, 2; Buffalo, 7; Trempealeau, 5; Jackson, 2; Vernon, 2; Superior, 7; Burnett county, 5; Sawyer, 3.

What is believed to be the most systematic attempt to dodge the draft yet recorded has been brought to the attention of the local board, with the result that the man in question has been certified for service. According to the report, this man began some three weeks before the time of examination to reduce his weight and to gain weight in such a way as to be unfit for service. His tactics worked admirably, for by the time he was brought up for examination he was well underweight and presented such a sorry spectacle of physical disability that he was rejected by the examining physicians.

His cunning seems to have ended there, for he jubilantly told some of his friends of his success in dodging the draft. The hearers, however, happened to be red blooded Americans and were not so easily deceived. They called to Sheriff Bob Whipple, who in turn saw to it that the man was called up for a subsequent examination. In the week which intervened between the two examinations, the

slacker had made up for lost time in the eating line, with the result that he was up to normal again, and passed the examination, being certified for service.

PERMITS TO WORK NEED AGE PROOFS

New Regulations Issued by Industrial Commission Require Definite Proofs of Applicant's Age.

Few loopholes are left for dodging the child labor laws this year, if the new regulations regarding permits to work are adhered to. S. C. Burnham, treasurer and secretary of the board of education, who acts as the local deputy of the state industrial commission, has just received instructions regarding the issue of permits in accordance with the new provisions.

All children under sixteen years of age who desire permits must come to the deputy, at the high school building, accompanied by parent or guardian. Provisions for determining the age of the child must be adhered to. If it is possible, a birth certificate or an attested transcript thereof must be offered as proof of the age; if this is impossible, a record of baptism may be presented, or a bona fide contemporary record of the child's birth kept in the Bible or other documentary evidence satisfactory to the deputy. If none of these are possible a certificate must be presented from a physician stating in his opinion the physical age of the child. These proofs must be presented, or if this is impossible, a sworn affidavit of the reason why the same cannot be offered must accompany the request.

As before a certificate of education together with the statement of an employer that he will employ the child, must be presented with each request for a permit. Minors sixteen years old may offer any of the above proofs of age, provided they are satisfactory to Mr. Burnham, as the industrial commission's deputy. Children of this age are not required to show a certificate of education. For the present the permits issued in this way will cover not only the state regulations, but the federal law, which requires that the government will have officials throughout the state conducting investigations as to the success of this co-operative plan, and may later require separate permits if the plan does not meet with their approval.

Further information regarding permits to work may be obtained from Mr. Burnham at his office in the high school building.

IOWA PICCANINNY IS HELD AS A RUNAWAY

Colonel Earl Oscar, who boasts of eleven years of earthly existence, alighted from a side door Pullman car at the box car limited stopped in our fair city. The "Piccaniny" immediately proceeded to make friends with the men around the railroad tracks. The "Colonel" is a gentleman of color and is personally acquainted with the railroad workers who presented him with a coat that was big enough to fit a half a dozen gentlemen of his stature. The men around the South Park Street tracks were so impressed with him that they called up the police to give them a chance to cultivate his acquaintance. Chief Champion in questioning the "Colonel" found that he was something of a traveling salesman, besides being a globe trotter. The boy had about "stepped out" of the box car, and had information that he was from Perry, Iowa, and had left his home for several reasons. Chief among these was the fact that his parents were building a house and such an undertaking required work on his part, and according to the ideals of a real "southern gentleman" work was disgraceful.

Chief Oscar also alleged that the police had accused him of robbing a store in Perry and he left town before the trial to preserve his good name. Oscar has visited the towns of Chicago, where he was released from the Chicago "Bluecoats," and Beloit, where several dusky gentlemen acted as his hosts. Be it further known that the "Colonel" of the road likes being better than pop.

Chief Champion will hold the lad until he can get in touch with the authorities at Perry, Iowa. The "Colonel" is armed with some pistols and ammunition for a boy's appetite will make himself at home until a further decision is reached.

AMBULANCE COMPANY NOW AT OHIO CAMP

Unit Organized Last Spring With Three Janesville Boys in Ranks Ordered To Fort Sherman

Ambulance Company No. 9 of which Tracy Allen, George H. Waterman, and Mel McGraw of this city are members last night left Fort Sheridan for Fort Sherman at Chillicothe, Ohio, where they will continue their training. Fort Sherman is one of the huge government buildings recently erected to train the National Army, and is intended primarily for troops from the eighth division, including Ohio and West Virginia.

The ambulance company, organized under the command of Captain Balgerson of Evanston, Ill., was in training for some time at Northwestern University in Evanston, but during the summer has been stationed at Fort Sherman. It is not known how long they will be at Fort Sherman.

LOCAL MAN TAKES HIGH ORDER AT MOOSE MEET.

H. C. Schulze of this city was one of a class of twenty-eight to take the high degree in the Moose lodge, held at Madison, Aug. 25 and 26. A parade was held on the 26th in which one thousand persons took part.

Miss Laura Broege entertained at her home at 719 North Hickory street the "A. B. C. Club" in honor of Miss Tina Conrad who is a bride to be in the near future. The evening was spent in playing games and music was furnished by Miss Margaret Stegeman of Milton Junction, after which a delicious three course supper was served. Miss Conrad was presented with a beautiful set of silverware.

Celebrate Anniversary: Mr. and Mrs. Otto Stalder, formerly of the city, but now of Milwaukee, celebrated their twenty-fifth wedding anniversary at their home in Milwaukee Wednesday. Several friends from this city were present. Stalder was employed by the C. & St. P. railroad.

Marriage License: A license to wed has been issued to John R. Keithley, aged twenty, and Evelyn Hage, aged twenty-two, both of Spring Valley.

HORSE THIEF PUT BEHIND JAIL BARS

Elmer Larsen Captured by Deputy Frank Merlet in Fields Near Belmont—At Large Since Yesterday.

Sheriff Whipple this afternoon placed Elmer Larsen, a horse thief, behind the bars of the Rock county jail. Larsen gave the authorities a long chase in the corn fields near Newark before he was finally captured by Frank Merlet, a deputy from the Rock county jail. Larsen, who was employed on a farm, stole a horse and buggy from his employer and then tried to sell them. He acted suspiciously and the Winnebago county sheriff started to arrest him. Larsen deserted the horse and buggy and took to the corn fields. Sheriff Whipple was then called to aid in the search. He found Larsen in the fields but with no results. Notices were sent through the surrounding country and he was finally captured by the deputy from the local jail near Belmont, Wisconsin. The thief will be tried before the Beloit court.

Big wages for workmen at the Rockford cantonment is having an effect on the number of inmates of the county jail and it has also increased the number of men brought before Judge Clark in Beloit. For the past week and a half the average has been about twenty. The men have been sent to be taken care of by Sheriff Whipple. The men receive their pay and make a trip to Beloit to spend it in the "liquor parlors" of the Line City. The men have been in the jail for some time and have been sentenced to the work with regularity.

WINS MANY PRIZES AT THE IOWA FAIR

John E. Kennedy's Herd of Short-horns Third Best in Whole Big Show—Takes Separate Awards.

John E. Kennedy's herd of short-horns upheld the reputation of Rock county at the Iowa state fair, now in session at Des Moines. The herd, owned by the bull, Max Walton Amateur, was marked third best in the awards given graded herds, the first prize going to the Sallows Bros. of Mayville, Mo., the second to the herd of F. L. N. and the fourth to Frank Harding of Waukegan.

Mr. Kennedy also won two first prizes for the best two year old heifer and the best yearling bull. It was a remarkable showing the aged bull award going to an imported bull recently brought from England costing \$12,000. The coming week the herd will be entered at the Minnesota state fair at Hamlin, and the following week at the state fair at Milwaukee. The entries of the Rock county herd have attracted much attention and in the aged bull competition was most keen. There was an unusual number of entries in the short-horn class, probably the largest in the history of the fair. The Rock county herd was one of the best in the international show in Chicago.

JANESVILLE STORE MAKES FINE RECORD

Smith Drug Company Stands Third in State for Amount of Retail Sales in Past Year.

A phenomenal business record for the Smith drug company of this city is shown in the annual report of retail sales manager of the United Drug company, which indicates that the Janesville store stands third in the state in the amount of retail sales for the year. The cities whose retail stores showed a larger return than Janesville were Milwaukee, with a population of 417,000, and Kenosha, with a population of 110,000. Ranked 13, Madison's 29, Oshkosh 36 and Sheboygan 52. There are 188 Wisconsin cities and towns listed on the Rexall record sheet.

OSCAR HAMMARLUND MARRIED THURSDAY

Prominent Local Young Man is United in Marriage at Stillwater, Minnesota.

Word has been received in this city of the marriage of Miss Nettie E. Stenlund of Stillwater, Minn., and C. Oscar Hammarlund, son of Mr. and Mrs. Peter A. Hammarlund, 702 Logan street, in Stillwater, Minn., on Thursday evening. The bride is the daughter of Frank J. Stenlund and has visited in this city on several occasions. C. Oscar Hammarlund, brother of the groom, attended the wedding. The couple will take a short wedding trip and will return to this city next week. The groom is in the employ of the Chicago and Northwestern Railroad company.

Thursday's Markets.

Chicago, Aug. 31.—Another general advance of 25c in hogs yesterday carried the average price to \$18.50 above last Saturday. Best sold at \$18.50, which stands \$1.50 below the record top of Tuesday, Aug. 21. Buffalo reported a \$19 top yesterday.

Canadian grass range cows sold to Morris yesterday at \$11.10 for the best, a record, which compared with \$8.15 for the best price ever paid for this class previous to 1917.

Although no native cattle were here yesterday, which sold above \$15.50, a load of prime distillery steers sold to Armour & Co. at \$16.40, against a previous record of \$15.75 for similar stock.

The range lambs which sold to killers yesterday at \$17.50 were from California, as were the feeders which landed at \$17.65, prices which were never before equaled at this time of year.

Average price of hogs at Chicago was 17.70, against 17.45 Wednesday, 17.80 a week ago, 11.69 a year ago and \$6.97 two years ago.

Cattle Trade Uneven.
Native steers were steady to 15c lower yesterday, but quality was poor, with best selling at \$15.50 in the stable crop of somber prime. The stock and bulls were weak to 25c lower, with bulk of 10@15c. Range offerings below choice grade were 15c to 20c lower. Most offerings of feeders were steady to weak. Calves recovered part of the decline of late Wednesday. Quotations:

Poor to fancy steers .. \$15.25@16.50
Poor to good steers .. 7.60@15.15
Yearlings, fair to fancy 11.75@15.15
Fat cows and heifers .. 6.00@13.00
Canning cows and cutters 5.15@6.50
Native bulls, an detestable 6.00@10.25
Feeding cattle, 600@1,100 6.75@9.50
Poor to fancy veal calves 11.00@16.00

Hogs were largely 25c higher yesterday and trade closed strong on anything good, while common grades finished weak. There was a meager fresh supply and a good sized crop of somber, which was not offered for sale. Top at \$18.50 was highest since the previous Thursday. Shippers were fairly good buyers, but packers bought moderately. Quotations:

Bulk of sales .. \$17.15@18.35
Heavy butchers and ship .. 18.15@18.50
Light butchers, 150@230 18.00@18.50

TIME TO ACT.

It is in times, similar to the present,
that the citizens of a nation rise
above their own personal feelings and
demonstrate a patriotism that marks
it forever in the annals of history.
Among those peoples who have
wrought much good for the world at
large. The United States is at war.
We call it a war against the imperial
government of Germany, against a foe
that has stooped to the lowest and
most despicable methods, of ancient
or modern times, in following out its
sole ideal of enforcing its doctrine
upon the world by control of all na-
tions.

Innocent children have been sacri-
ficed with the ruthlessness of a sav-
age. Women have been violated and
murdered. Stolid citizens have been
stood up against a wall and shot down
like dogs. Millions have been torn from
their fathers and mothers, by the
barbaric hordes that have been urged
on by the ambition of the German
government. No picture of desolation,
ruin and destruction has ever been
painted by the imagination of man
since the creation of the world as has
been actually enacted in Belgium, in
northern France, in Serbia, in Poland,
in fact everywhere that the blighting
hand of the German government has
placed its hand.

Here at home we have seen vessels
sunk with innocent women and happy
children on board. Have learned of
destruction of lives and property,
have listened to insults on the honor
and integrity of the nation, openly be-
stowed an equally insulted to by
skilful manipulators of truth in our
midst. This nation remained neutral,
until neutrality was a menace to our
existence, and then, when finally ig-
nored, grossly insulted, our citizens
murdered, war was declared and it
became the duty of every loyal citi-
zen to stand firmly behind the govern-
ment. But unfortunately we have
men at Washington who for some un-
known reason, would deliver us to the
enemy by doing the hands of the gov-
ernment. Chief among them is Robert
M. La Follette, senior senator from
Wisconsin.

Owing to the fact the population of
Wisconsin is largely composed of Ger-
mans, particular attention has been
paid to the attitude of Senator La Fol-
lette and Wisconsin is one of the
states where there is a question of loy-
alty. There should not be for the
majority of the citizens, whether of
German parentage or racial descend-
ants of Teutonic races, are loyal to
the core. Yet our senator, for reasons
best known to himself, and working,
as does the Prince of Darkness, by
various methods, now seeks an en-
dorsement of his actions by circu-
lating through the state, the state
seeking signatures with this end in
view.

Such papers, when completed, would
be filed with the senate of the United
States and become part of the public
record, a stain forever against the
good name and honor of the state of
Wisconsin. That these petitions are
being circulated and signed, not only
by some unscrupulous Germans, but by
persons of American birth and parent-
age, is known to all who combat
this, to separate the sheep from the
goats as it were, that a counter move-
ment has been started and papers as-
serting the loyalty of the citizens, of
this commonwealth to the federal
government have been drawn up and
signatures solicited.

On page one of the issue of the Ga-
zette for August 24th, appeared one
of these petitions. It appeared simul-
taneously in the majority of the
papers of the state. It is time to sepa-
rate the sheep from the goats. The
supporters of Senator La Follette's
methods in Washington are not loyal
citizens. They are traitors, although
it is a hard and harsh word to call
these misguided citizens who are
blinded by the glamour of the
famous name of this disciple of pro-
Germanism.

Our young men have been called
upon to go forth and fight. They
have responded. Some are already in
France, others are on their way, still
more are preparing for the day they
will be at the war front. Those who
would endorse the action of the man
who would murder them, who would
make their lives a sacrifice, who would
despoil homes, ruin families, had best
think twice before signing such an
endorsement. It should be the duty
of every newspaper in the state to
publish the names of its citizens who
are weak enough to sign such a paper.
To see that a complete list is placed
in the archives of the State Historical
society for future reference, to mark
them with the indelible brand that will
not wipe off and like the ghost of
Rancune, rise against to haunt the mur-
dered.

That the loyal citizens of the com-
munity may be given an opportunity
to voice their sentiments, the Gazette
reprints tonight the petition to con-
gress and the renewal of the allegi-
ance to the government. Sign it and
return to the Gazette office and it will
be forwarded to Milwaukee, where
similar petitions are already being re-
ceived and sent to Washington, to
show the true spirit of the state.
Show your patriotism and remember
that we are enemies of Germany and
will be until the war ends and the
world is assured of a lasting peace.
Do not be their ally, even by proxy.

CIVIC NEEDS.

Persons are prone to criticize the
actions of this or that public board,
object to organizations having for
their aim the best interests of the
community, subject public officials to
unjust insinuations of inefficiency, all
because the person talking does not
understand conditions and looks upon
matters from a biased point of view.
The man who sweats when he finds
the price of a vegetable differs in
cost two cents a pound at various
grocers and the man who thinks the
city is foolish in seeking to build a
storm sewer under the railroad tracks
by city labor and not through bids,
are on a par. They both have person-

al views which become magnified as
repeated. Usually you can discover
that the individual who is most viru-
lent in his attacks upon the city gov-
ernment or certain business houses,
has some personal axe to grind, or
knows nothing of the situation.
Scratch down and you will find the
bone of contention. One of the great
civic needs for any community is the
spirit of boasting of the city. As one
merchant said on Thursday: "Busi-
ness was never better!" Look on the
bright side of the situation. Do not be
a pessimist. See the hole in the
doughnut, not a mere mass of dough.
Our business men are giving the citi-
zens the best shopping facilities pos-
sible. Our city government is doing
its utmost to please and give the tax-
payers an economical government. If
they fall in some particular, remem-
ber where they have succeeded and
do not give the stranger the impres-
sion this is a community working
against itself. Be an optimist and
show civic spirit and pride in taking
part in public activities.

YOUR DEFENDERS.

With the national guard of the state
called into federal service the organi-
zation of Home Guards takes their
place. While it has been many
months since our state troops have
been called out to quell riots or act
as state police, still in the present un-
settled condition of affairs no one
knows when such a call may come.
In organizing the new state guard
companies the state has acted wisely.
On Tuesday next the Janesville con-
tingent will be mustered into the ser-
vice of the state. Under the interpre-
tation of the state law this organiza-
tion will be composed of sixty-five
men between the ages of eighteen and
forty-five. This leaves out many a
sturdy citizen who had signed the
original papers calling for the organi-
zation of such a company, by the bar-
rier of age. This company is your
defense in time of need. The state
can put arm and equip sixty-five at
the present time, but it is possible
that the various units can be recruit-
ed to a larger number later on when
our guard and national army have
been supplied. Meanwhile the new
guard starts out with the highest en-
thusiasm and all wish success to its
work.

WHAT IS IT?

Dispatches announce that a conven-
tion is to be held at Hudson, Wiscon-
sin, of an organization that the gov-
ernor of Minnesota and the attorney
general of one of the Dakotas refused
to permit to meet within their bor-
ders. It is not safe to have been
held in either of these states, what is
keeping our governor from refusing
to permit its being held within the
borders of Wisconsin?

Residents of Rock county should
feel proud that they were able to
hold such a successful fair as they had
in the Janesville fair. Visit what
fair you please you will find that com-
parison to the local exhibit always
shows that Janesville is thus far in
the lead. Others cost more money to
conduct, are older and have more ex-
perienced men at the head, but Janes-
ville still leads and in time will be
the biggest fair in southern Wisconsin
outside the state fair.

Strange to say there has been nothing
in the papers lately of the man-
eating sharks off the Atlantic coast.
Perhaps the submarines have killed
them all off or they are too busy de-
vouring the dead bodies of the vic-
tims of those who have gone down
in submarine slaughter to bother in-
nocent bathers.

Ducklings in the river at the Mil-
waukee street bridge attract lots of
attention these days, and naturally as
they are wild ones that have been
hatched in captivity and waddle gravely
home at meal time just like any
domestic duck that ever arrived in a
barnyard.

Sunday marks an epoch in the base-
ball history of Janesville. If the lo-
cal team can win from its visitors it
will stand a good chance of floating
the pennant this fall. In order to
help them, be a booster and help the
players do their best by your personal
encouragement.

Did you stop and figure it all out
that tomorrow we can start eating
caviar and clams and all sorts of
shell food safely, no matter if the
thermometer should be ninety in the
shade, simply because there is a let-
ter "R" in September?

NO INDEED
Girls there are both bright and witty
even though they're very pretty
And a few of them are wise as well
as fair,
Men are seen in down front rows at
the girl and music shows
Who have quite a lot of tresses
And to spare.
And some married men or other like
to see their wives and not notice
There are wives who never blub-
ber, sob and coo,
There are golfers here and there who
would never curse and swear,
But it's never going to happen in
the jokes.

One will find it rather easy to admit
while some are "brosy"
There are quite a lot of Western
guys that ain't
And perhaps some modern girls draw
the line at borrowed curls
And were never known to powder
or to paint.
There are some maiden ladies
who don't wish to have in Hades
All who twist them on their ages
and provoke.
There may be a plutocrat who is
richer than gold and not fit.
But it's never going to happen in a
joke.

Careful quest might be revealing
women who restrain their feel-
ings
And at weddings never sniffle, bawl
and weep.
Then again an earnest search might
discover some in church,
Who are neither loudly snoring
nor asleep.
Neighbors somewhere almost never
play a phonograph forever,
Somewhere women do not keep
their babies broke.
There are boys who seldom swear just
because the preacher's there,
But it's never going to happen in a
joke.

Just Folks

By Edgar A. Guest

THE TIME FOR DEEDS.
We have boasted our courage in mo-
ments of ease,
Our stung pangs banner we've sung
on the breeze;
We have taught men to cheer for its
beauty and worth
And have waved the flag of the
bravest on earth.
Now the dark days are here, we must
stand to the test,
Oh God let us prove we are true to
our best!

We have drunk to our flag, and
we've talked of the right,
We have challenged oppression to
show us its might.
We have strutted for years through
the world as a race
That for God and for country, earth's
tyrants would face down,
Now the gage is hung down, hate is
loose in the world.
Oh God! shall our flag in dishonor
be furled?

We have said we are brave; we have
preached of the truth,
We have walked in conceit of the
strength of our youth.
We have mocked at the ramparts
and guns of the foe,
As though we believed we could
laugh them all low.
Now oppression has struck! We are
challenged to fight
Oh, God! let us prove we can stand
for the right!

If in honor and glory our flag is to
live, if we are to keep this, the land
of the brave,
If more than fine words are to fas-
hion our deeds,
Now must our hands and our hearts
turn to deeds,
We are challenged by tyrants our
strength to reveal.
Oh God! let us prove that our cour-
age is real!

make themselves disagreeable. A
man may be a pleasant companion at
other times of the year, but when
he gets back from his vacation he
makes a nuisance of himself.
He expects you to get all worked
up when he tells you how much he
saw and did.

Some people will lay in the sun
till they sizzle so they can go home
with a red nose and let on they're
sunburned. This makes them think
they are the picture of health. They
have an idea that everyone admires
their hearty manner. Why does
every man who returns from a vaca-
tion have to make a fool of him-
self and act hearty?

(Note.—The swaggers and high
spirits that are so objectionable in
one who has just returned from a
vacation can be squelched in this
way: Ignore him. Ignore him. You
don't notice he has tanned a bit. The
tan is what makes him strut and
glow. That will set him down a
bit.)

A man just back from his vacation
often has a way of making out that
he was cut out for life in the open.
He thinks he could make a Jack
London hero look feeble and puny.
All the rest of the year he wears
rubbers and tans like when the
window's opened, but for two weeks
in the summer he is red-blooded and
vital.

There ought to be internment
camps for people just back from vaca-
tions.

Perhaps they're deaf, perhaps
they're color-blind,
Perhaps they wouldn't like another
kind,
Perhaps they're sick, perhaps their
wits are weak,
Perhaps they're off their balance, so
to speak,
Or it is merely to improve their
minds perhaps,
That youths will wear these highly
colored caps.

Some people never move a bit
And some are merely led,
A fact is what you have to have
Before you get ahead.

The Daily Novelette

ERASED.

After twenty sleepless nights and
fourteen days spent among his in-
venting tools, Sibert Dreds, famous
inventor, rose up with a strange light
in his turquoise eyes and hid him to
the office of Marius Skeedy, chief
of the government bureau of war inven-
tions.

"Sibert Dreds—at last!" cried
Skeedy. "And have you with you
wonderful knowledge, perfected your
death-dealing instrument that will aid
in prosecuting this war?"

"That's mild for it!" cried Dreds.
"I have discovered a sure method to
wipe the Germans off the face of the
map practically over night."

"Sibert!" breathed Marius Skeedy,
trembling with excitement. "I'll give
all the clerks a holiday and I'll place
the office, so well be sure not to be
overheard."

In half an hour they were alone in
the inventions building. Secretly,
Marius Skeedy led the inventor in
eight flights of stairs to a small sound-
proof room just under the dome.
"It's this," whispered Sibert Dreds.
"The allies will suddenly be gathered
gather unknown to the Germans, and
rapidly paint a new map of the
world—leaving Germany absolutely out
of it. Thus, with Germany practically
no longer existing the war will be
won, for there will be no Germany
left to fight!"

Mourningly, Marius Skeedy pinned a
daffodil under Sibert Dreds' shirt,
and rang for a nice clean ambulance.

BLAST EXPLANATION ACCEPTED BY LEAGUE

Washington, D. C., Aug. 31.—In a
statement Thursday the Navy League
announced its acceptance of the re-
port of the naval board on the Mare
Island explosion and expresses re-
lief that in a former statement it gave
currency to an opinion that the inves-
tigation was being hampered by the
navy department under the influence
of powerful labor interests. The for-
mer statement led to the bitter con-
troversy between the league and Sec-
retary Daniels.
The league's statement also re-
grets that in referring to the labor in-
fluences it was not made clear that
it did not refer to the standard labor
unions, but to "the Germanized W."
The statement issued with the
approval of Colonel Robert M. Thomp-
son, president of the league, says the
organization is convinced there were
"no hampering instructions or re-
strictive directions as to the method
of investigation."

vided for each member of the company

citizens of Menasha providing for the
purchase of the fowls.

BADGER GUARDSMEN NOW AT WACO CAMP

Camp McArthur, Waco, Tex., Aug.
31.—Coming with the expectation
that they would be the camp builders
and that much labor lay before them,
the organizations of the Wisconsin
national guard arrived here to find
the building has all been done.
Large, convenient mess halls for
the men, and equally commodious
quarters for the officers, are ready to
show them into the several hun-
dred travel-worn men got under the
spray of the showers. New khaki
was issued to replace the garments
they had worn on the train.
There is no sickness among the
men, and there have been no acci-
dents. Maj. George W. Neilson, chief
medical officer, commanding field hospi-
tal No. 1, vouches for the health
of all those who have come from the
Badger state.

While the days are warm, there is
a cool breeze at night. The men are
housed in pyramidal tents, while the
officers their tents. The camp
is situated on an elevation overlooking
the city. There is no clearing to
be done, as the site was occupied by
growing crops but a few weeks ago.

Washington, Aug. 31.—On the
march or camped on hikes the sol-
diers of the national guard are
fare so sumptuously as in canton-
ment. Still he'll have lost more three
times a day than some folks in Ger-
many are getting.

Also he'll have to take care of his
own mess kit. No dining room or
orderly will set his table with knife,
fork, spoon, plate, cup and saucer.
He will have to take those things in
his hand, before the serving ket-
tles, take his meal wherever he likes
to eat it and wash his individual din-
ner dishes afterward.

He'll have to wash them properly,
too. If it comes up for inspection,
with a greasy spoon or something,
he'll be punished.

Nor will eating in mess be the
pleasure it is in permanent camps.
He'll have to learn the art of
juggling and something of the art of
culinary acrobatics. Balancing a
plate of beef and beans, a tin cup of
coffee and a knife for a chop, while
crossing a smooth, hard spot
on the landscape for a dinner table
is no snap.

In temporary camp there will be
no time for fancy breakfasts. If he
gets fried bacon, boiled potatoes,
bread and coffee he may count him-
self lucky.

For lunch, the chances are, he'll
get canned corn beef or fried bacon
or canned salmon cold canned pot-
atoes, hard or fresh bread and coffee.
For dinner he'll most likely get
canned soup, boiled or roast beef,
mashed potatoes, corn or soya-
beans, bread and coffee. Mostly
canned stuff and hastily, though prop-
erly prepared, but with not attempt at
style.

But it will be interesting to watch
the tricks of the trade employed by
the camp cooks with their little vest
pocket camp cooking outfit.
For instance, when they want a
freaks cooler for the dinner, they
they'll take a bundle of straw, the
morning milk can and the camp ash
can. Putting the milk can inside
the ash can, they'll pack the straw
around it, slap the beef inside the
milk can, clamp down the lid, pack
straw on top, clamp on the ash
can lid and let 'er cook.

Practically every best of the
abbreviated cooking outfit serves an
ingenious or double or triple, some-
times a quadruple purpose.

der me around?" asked small Johnny's
mother.
"I'm just practicing, mamma," re-
plied Johnny, "so I'll know when I
get married."—Exchange.

AMBULANCE DRIVERS WELCOME "SAMMIES"

[SPECIAL TO THE GAZETTE.]
American Field Headquarters,
France, Aug. 31.—Crusing along in
their silent blue ambulance train,
forty young American chauffeurs at
dusk today happened on a detach-
ment of a new army in France—their
own army, the Americans.
The foremost driver, slumped back
until he was sitting on his shoulder-
blades, started upright at what he
saw. The next instant he leaped
clear out of his seat with an Indian
yell and threw himself into the midst
of the soldiers from home-shaking
hands right and left. The answering
yells from fifty lusty troopers, fresh
from overseas life, brought the
remainder of the ambulance boys
tumbling from their cars to bear
American spoken by American sol-
diers.

The American soldiers were riding
on a big motor truck on whose dual
brown was painted in black the magi-
cally letters "U. S. 1st Div." Clam-
bering onto the truck the chauffeurs crowd-
ed it until all piled off into the square
to talk it over.

The ambulance men learned about
the American war from their own sol-
diers—approximately the strength of
the first expedition, how many more
may be expected in France by, say,
Thanksgiving, where they expect to
take their stand on the line and an-
swers to a hundred other questions.

Some of the drivers were inquiring
how to get into the army medical
corps, others wanted to become avi-
ators. They were given an American
paper printed in Paris giving the base
and stanzas of the clubs
until three days ago. It was their
first information on the grand old
game in nearly two months.

Eight young fellows from Minne-
apolis discovered a member of the
American expedition who came from
their own home just a short time
back. They wanted him to tell them
about home—their home, to hear more
and more of the French bantlers
who are clawing the Boche to shreds
up there in the Vosges.

With the simple language of men
who have seen fighting, the Red Cross
youngsters told of the fighting. They
told of drum-fire and of wounded
Frenchmen who grit their teeth and
do not groan.

Army discipline is strict. The sol-
diers had to be moving to get back to
their billets and wink out the lights
at the bugle's call. They drove off
amid the roaring cheers of the
drivers.

CONSERVATION BRINGS BIG REDUCTION IN DELIVERIES

[BY ASSOCIATED PRESS.]
Milwaukee, Wis., Aug. 31.—Depart-
ment store managers report a big re-
duction in parcel deliveries as a result
of public co-operation in the conserva-
tion plans of the government.
One store reported a decrease of 30
per cent in the number of deliveries,
although the sales were larger. This
store also took off several delivery
trucks by reducing the number of de-
liveries from three to two, saving gaso-
line and the services of men.

WISCONSIN LOYALTY PETITION

To The Congress of The United States.—
We, the undersigned citizens of the State of Wisconsin, are grieved and
humiliated by the fact that deliberate and concerted efforts are being made,
by petitions and other instrumentalities, to represent this patriotic common-
wealth to the congress of the United States as disloyal to the American Gov-
ernment in its hour of peril and need. We take this means to repudiate, in
the name of Wisconsin, every disloyal word and deed calculated to misrep-
sent her and her people, to discourage the government in its efforts to win the
war, to give aid and encouragement to the Imperial German Government, and
thereby to increase the hardships and hazards of the Wisconsin soldiers who
have gone or are going forth to live battle in defense of the nation and of
democracy. We reiterate that faith in America, Her institutions and ideals
for which the Wisconsin fathers fought in 1861, declare our conviction that
in the present war America is fighting for the preservation of the most sacred
and vital principles upon which American institutions and freedom are found-
ed, express our confidence in the National Administration, and pledge our
whole hearted support to the Government of the United States.

A. A. U. EVENTS AT ST. LOUIS TODAY

(SPECIAL TO THE GAZETTE.)
St. Louis, Mo., Aug. 31.—The first big sporting event since the United States entered the war against Germany was staged here today by the Amateur Athletic Union, when it started competitions in its annual games.

Athletes from all sections of the country were in attendance in spite of the fact that many powerful clubs voted not to send representatives. Prominent athletes, whose former clubs are not officially participating, are taking part as unattached men.

Intensions of the union early in the year to make the annual games that in name only failed. An effort was made to do away with the custom of awarding medals to victors and the second and third place in each event, supplementing the medal awards with certificates. The action raised such a storm, however, that at a recent meeting in New York it was decided to go ahead as usual.

Among the more prominent athletes who will be on hand when the senior contests are held tomorrow will be Robert Simpson, University of Missouri footballer, holder of the world's records in the 120 and 220 events. He has declared it would be his last appearance in the national games.

Tarson, the wonderful jumper from the west, also will be there.

Added will be a large delegation from the Chicago Athletic club and the Illinois Athletic club, the two big organizations in Chicago, Missouri and other clubs in St. Louis and the Kansas City Athletic club will have large entries.

The junior events will be held today, the senior events tomorrow, and the all round championships Monday.

KENTUCKY MEETS TO OFFER BIG PURSES

(BY ASSOCIATED PRESS.)
Louisville, Ky., Aug. 31.—An even dozen state events with a total value of \$34,500 in added money are on the program during three Kentucky tracks this fall.

The stakes and their added money value include:

- Douglas Park Inaugural Handicap, \$2,000.
- Beechmont Selling, \$1,500.
- Louisville Cup, \$2,500.
- St. Lezer Handicap, \$2,000.
- St. Lezer Handicap, \$2,000.
- Cherokee Stakes, \$2,000.
- Beechmont Stakes, \$2,000.
- Louisville Autumn Inaugural Handicap, \$3,000.
- Fort Thomas Handicap, \$3,000.
- Autumn Selling Stakes, \$2,000.
- Louisville Cup, \$2,500.

The season at Douglas Park, Louisville, will begin September 26 and continue until October 3. The meeting at Churchill Downs, also at Louisville, will open October 10 and continue for a week. The racing will shift to Lexington, the race track at Covington, opposite Cincinnati, for twenty-five days, beginning October 10.

A number of owners have made an unusually large number of stakes entries. Many crack eastern two-year-olds probably will be sent to Kentucky for the Queen City championship stake which will be at one mile.

LEAGUE HEADS ARE SEVERE WITH MEN

Kansas City, Aug. 31.—Frank comments upon the "ills" of baseball, with the declarations that aggressiveness has been taken out of professional play by the umpires and heads of many who were trying to imitate Ban Johnson, were made here today by E. W. Dickerson, president of the Western league, in a speech that lost all further for the speaker, that poor attendance as the result, has been caused by too much penalizing of players who went into the games with spirit and dash.

The speaker is falling out of interest in baseball in some parts of the country, in my opinion, is due to the fact that the life and light has been taken out of it by "base" presidents who enter the umpires to fine players whenever they show the least signs of aggressiveness," Dickerson said.

The result is that the players are becoming more and more money away and cease to display that spirit which is to the public as seasoning is to food.

"There was a time when players were more aggressive and carried things too far, so that it became necessary to stamp out roystering. It was then that Ban Johnson came into the game and kept aggressiveness within the boundary lines of decency by insisting on respect of umpires. Dozens of presidents since that time have gone to an extreme. In doing so, they have taken sentiment away from the game and made them go about their work as if it were a cold blooded business proposition.

"What baseball needs is the right for the players to fight for their own rights. They do not delay the games. When they do so, the fans will fight with them and go to the games because their feelings are aroused. I sound would like to see a player on the field with an opposing player than for 'charging' when aroused over some close decision. The public must have its thrills. While games are in progress or half of the pleasure is taken away. Players who visit on the field destroy that illusion.

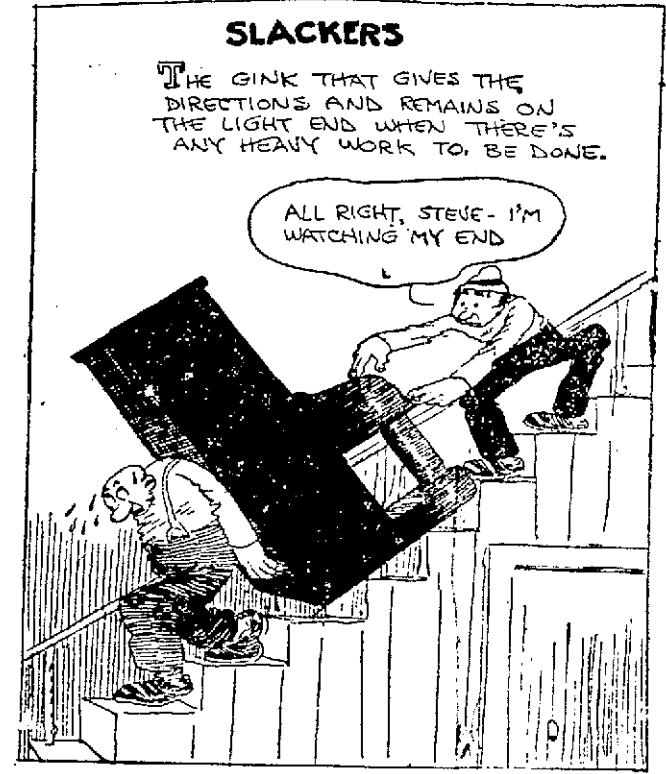

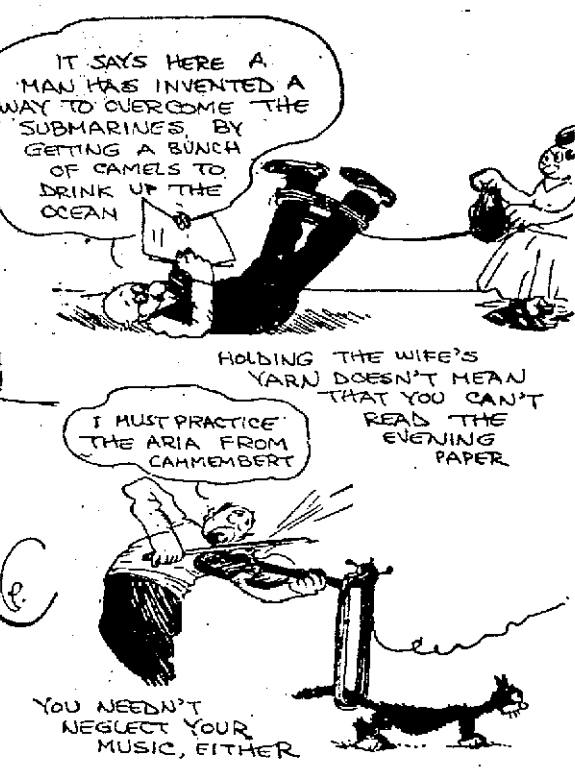

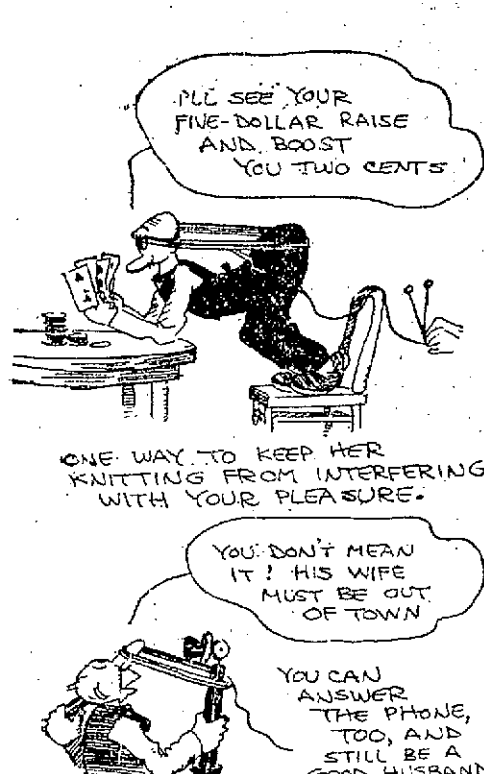

"Show me a club that has a scrappy manager and a bunch of fighting players in it, I tell you that does not make aggressiveness a crime, and I will show you a club that is doing a paying business. Look back and see the league that has been in progress for years. The aggressiveness that gave patriotic powers to the umpires and denied the fans that upon which their sentiments are built. Umpires with chips on their shoulders, backed by presidents who were trying to imitate Ban Johnson, have done more to lessen the interest in baseball than all other causes combined.

"There is no slightest reason why baseball should be stopped on account of the war. In fact, baseball should run even more now than in times of peace, for when the boys of America get into action, they will wish to have it mind taken off their sadder things by baseball and other sports.

"Toronto has contributed more men to the British army than any city in the United States. Toronto was the only city in the international league that played to a profit. This year the Toronto franchise will lead the attendance and the international is having one of its best seasons.

"The Western league stands for aggressive baseball. It is playing to a greater business this year than it has at any time since the Federal league broke into the game and placed premiums on unfairness, thus lessening the public's respect for the players.

CARDINALS SHOULD WIN GAME SUNDAY

Watertown and Janesville Will Play for First Place in League at Fair Grounds Sunday.

If luck does not trail the Janesville Cardinals Sunday in their game at the fair grounds they should be the winners. The Cardinals have played better in the shape for the game, while Watertown will be forced to play off their home field, which should make a difference in the count.

The Janesville team has been playing whirlwind ball for the past ten games and bid fair to keep up their record. Nine games have been won by the Cardinals and one tied in the last ten played. The same team has been used in all these games and the same team will play Sunday.

In the two previous games with Watertown the Cardinals were beaten each team winning on their home field.

The infield will be intact, with Elmer at first, Cavanaugh at second, Kerman at third and Cook at shortstop. Captain Eberts will be in center field, supported by Ryan in right field and Callahan in left. Delaney will be behind the bat, with Crodon or a new pitcher on the slab.

Managers Kuhn and Langdon have received word from Beloit to the effect that Janesville and the Fairbanks-Morse team will meet for a five game series at the close of the Central league season September 16. The games will be played both here and at Beloit. More definite arrangements as to date and place of playing will be made and announced later.

Arrangements were completed this afternoon between the Port Atkinson and the Janesville managers for the playing of a game at Port Atkinson on Labor Day. Only one game will be played as the local objection to the playing of a double header. This game will take place of the tie game which was played in this city July 15. Arrangements for the playing of the postponed game of June 3rd will be made later.

DRAKE UNIVERSITY MUST LOOK FOR NEW DIRECTOR

(SPECIAL TO THE GAZETTE.)
Des Moines, Ia., Aug. 31.—Athletic authorities at Drake university are searching for a new athletic director as a result of the loss of Ralph Glaze, who has signed with the State Teachers college of Greeley, Colo.

Glaze assumed charge of athletics at Drake last season. He is one of the best known athletes in the country. He was a star at Dartmouth in all branches of sport and was a major league pitcher for several years.

Wise is the man who declines to take his troubles too seriously.

MORRIS MULLER

When Jack Ness of Chicago, and with the Oakland club of the Pacific Coast league, went out on the rampage in 1915, and hit safely in forty-five consecutive games, Harry Krause, who once worked for Connie Mack, tried hard to check the onslaught.

Ness had made a hit in each of twenty-eight games when he faced Krause for the final time in a game with Frisco. Krause decided that he would walk Ness, Jack, who hadn't made a hit yet, had to crack out a safe one to continue his record of hitting in every game. Krause had thrown three balls, all far on the other side of the plate, which caused Jack to accuse Krause of being afraid of him and all such things as that. However, Ness double crossed Krause for on the next pitch he took the bat in one hand stepped across the plate and whacked out a single. A number of pitchers tried the same scheme after that, but it failed to work.

When Ness reached first base Krause said to him: "I would have thrown that last one over the grandstand if I thought you would take that kind of a slam at it, and me paying my respects to you by passing you."

It may be that Al Orth has upped his last game in the National league. The veteran type of play was injured when he slipped and threw his right knee out of joint. This was the third time when an accident has happened to him. He slipped in going into the Phillies' dugout and so dislocated his knee that he was confined to a hospital for a month. At that time Orth was warned that if he suffered another severe dislocation it would end his career as an umpire. Last year he suffered another hurt, but it was slight. But the last year was as serious as the first, and Orth is with his leg in a plaster cast.

Ira Thomas, a former star with the Philadelphia Americans, has no desire to manage a major league club. Thomas made known his stand in denying a report that he had been offered a chance to succeed Mike Huggins as manager of the St. Louis Cardinals. The veteran said that he receives \$3,500 for coaching the Williams college baseball squad and that he realizes from \$6,000 to \$8,000 of his real estate business in Philadelphia. "I would be foolish to throw all this over for a job that might last a year," Thomas said. "I'm through with baseball. It's a grand game, but after all we are going to make the most money. I'm going to stick to the real estate business."

Miss Aileen Allen of the Los Angeles A. C., national springboard fancy diving champion among women, is likely to be seen in New York this summer. She has announced that she will compete for the high diving outdoor title, and if present plans materialize the event will be held in New York. Miss Allen is a star all around mermaid. Besides the national diving crown, she holds the Pacific A. U. swimming championship at 400 yards and she is also an expert devotee of the back stroke and plunge for distance.

Four umpires will preside over the world's series in October, as usual, but they may operate under a new plan. Formerly, two of the umpires have been assigned to guard the outfield foul posts. But this time, in addition to the umpire behind the plate, three officials may be stationed at the bases, which will be in center field, supported by Ryan in right field and Callahan in left. Delaney will be behind the bat, with Crodon or a new pitcher on the slab.

Managers Kuhn and Langdon have received word from Beloit to the effect that Janesville and the Fairbanks-Morse team will meet for a five game series at the close of the Central league season September 16. The games will be played both here and at Beloit. More definite arrangements as to date and place of playing will be made and announced later.

DOBBIE STARTS FOOTBALL PRACTICE AT DETROIT

(SPECIAL TO THE GAZETTE.)
Detroit, Mich., Aug. 31.—The football season has been opened in Detroit. A score of candidates are trying for positions on the University of Detroit eleven which will be coached this year by Gilmore Dobbie. Dobbie's record as a coach in the far west was sensational and he is expected to put the local eleven on the football map this year.

FUGITIVE EX-RULER OF ABYSSINIA CAPTURED

(BY ASSOCIATED PRESS.)
London, Aug. 31.—Lidi Jeassu, the deposed emperor of Abyssinia, who escaped from Magdala, has been captured, according to a dispatch to the Daily Mail from Jibuti in French Somaliland.

Lidi Jeassu is a grandson of the late King Menelik, whom he succeeded in 1913. He was deposed in 1916 by his aunt. A London dispatch of August 26 reported that the deposed emperor and his followers, had defeated 300 of the government forces, who had been trying to capture him for six months.

U. S. WATCHING FOR HUN RUTHLESSNESS IN THIS COUNTRY

Washington, Aug. 31.—Government sleuths are watching for evidence of Teutonic frightfulness among the Kaiser's spies in all parts of the country. It was learned today. The government knows there are plenty of Boche apostles scattered through the United States who would be delighted with a chance to feed children poisoned candy, sprinkle poison in wells and reservoirs and do other things of the sort.

Every effort is being made to "spot" these pleasant creatures. Many of them have been arrested quietly. So anxious were the Kaiser's agents to poison children in Roumania that they flew over that land in aeroplanes and dropped sacks of poisoned candy which the children ate and within twenty-four hours died in agony from the effects of the tainted sweets.

The government wants to control this situation and at the same time avoid engendering suspicion and hatred of loyal Germans among the country's citizens. In announcing that it had found tentacles of spies in samples of court plaster distributed by anonymous peddlers in various parts of the United States, the department of justice placed its statement by saying that it did not "share in any sensational view as to the manner in which the court plaster became infected."

"But," it added, "the public is cautioned against purchasing this remedy except from approved sources, the warning being particularly directed against 'purchasers in small packages from street peddlers and vendors who peddle the prelates' soup at the Chicago banquet, thus producing a straw which showed the way his mental mind blew, is still at large in the United States."

The government has secret information showing that Crokes has many kindred spirits of his own bent in our midst, men who await only a good chance to murder babies, poison men and women and start fatal epidemics among communities by the proper distribution of flocks of pet gems.

PAY ROLL BANDIT BATTLES POLICEMEN

Chicago, Ill., Aug. 31.—Defying a storm of bullets from thirty rifles, Edward Wheede, entrenched in a brick cottage on the northwest side, darted from window to window, firing with a sawed off shotgun and two pistols, held 500 policemen at bay for hours on Thursday, wounded three of them, and was captured only when he attempted to retreat from his fortress.

Thousands of spectators crowded nearby streets, careless of stray shots, and watched the blue uniformed forces attempt to storm the stronghold held by Wheede, who was wanted in connection with robbery and murder on Tuesday of two pay roll messengers. One thousand ten dollars, believed to be part of the \$3,100 stolen pay roll, was found in the bullet riddled cottage.

READY TO TRANSPORT MEN TO ARMY CAMPS

Chicago, Aug. 31.—The local office of the railroad War Board, today gave out a statement that movement of men selected for the national army will not disarrange the regular freight and passenger schedules.

As only five per cent of the men, or 35,000, are to be moved to the cantonment in the five-day period beginning Wednesday, the railroad anticipates no difficulty in handling all traffic. The next five-day period of transportation begins September 13, when forty per cent or 274,800 men must be moved at the rate of 34,700 a day.

Another forty per cent will be carried to the camp October 3 to 7. The remainder will begin entraining October 17.
